

Assignment from English Department

Please record yourself giving four short video presentations.

The presentations are:

1: My Family

2: My Hobbies

3: My Future

4: My High School Life.

All the presentations should be between two and three minutes long.

Hint: You should write out your presentation first, check there are no mistakes, practice saying it, and finally record it on your phone. If you make a mistake, please record again.

Please talk to the camera like you are talking to a friend - do not read your presentation.

Do not send the presentations to us yet but keep them on your phone. We will ask to see them later.
