解答例

Dear Keiko Sugita,

Thank you so much for your message. We're glad you're planning to visit our forest park. As you said, there are plants and animals that you cannot see in mainland Japan. If you are lucky, you may see some rare creatures.

Regarding your questions, Course A is not so challenging, so children as young as three will fully be able to enjoy the course. Actually, my three-year old grandson likes this course a lot. Course B takes about 2 hours, and children of elementary school age and older can participate alone. As for buggy cars, we do not handle electric buggy cars because we are an eco-tourism organization. I hope you and your children will enjoy the peaceful feeling of being at one with nature, watching the butterflies fluttering and listening to the birds singing.

Kind regards,

Gushiken
